## PLAYGROUNDS FOR THE BOYS

**VACANT CORNER ON CABLE STREET AT NEWPORT AVENUE, OPPOSITE THE FIRE ENGINE HOUSE, IS APPROVED.**

The regular monthly meeting of the Chamber of Commerce was held last Tuesday night in the Ocean Theater. Besides the presence of an exceptionally large number of members and representative citizens, a goodly number of boys were in attendance. Following the transaction of the regular routine business of the body, the boys were given a hearing on the subject of a public playground and recreation center.

After some advisory discussion, the Chamber recommended that the large plot of vacant lots on the corner of Cable street and Newport avenue be secured as a playground for the boys. The site selected has a number of points in its favor. It is central, safe and extensive, and it is directly opposite the fire engine house and the firemen's recreation grounds. It is the same plot that was set aside for the holding of the successful Community Christmas tree celebration and the place is familiar and convenient to all residents of the Beach. An especially good point brought forth in its selection is the fact that the boys using the new playgrounds will be practically under the eye of the firemen who are always on duty across the street, and such splendid supervision could not be obtained in any other section.

At the site chosen, upon due permission of the owners, of course, it was pointed out that at present all four corners are vacant and the playgrounds can be easily seen for a long distance from many directions. While very centrally located, it is also considerably out of the line of business traffic and a good long block from the car line, thus insuring comparative safety for the boys and without the slightest interference being afforded the affairs of pedestrians and the public in general.

The playgrounds selected seem to have met with the unqualified approval of all interested.

PLAY BALL, BOYS!

### FRIDAY NITE DANCING CLUB

The regular children's Friday Night Dancing Club will start again this evening for the season. Special prizes will be given for "spot dances." All members are requested to come and join in their usual jolly good time. Parents are especially invited.

### NEW YEAR'S AT THE CRAGS

Mr. and Mrs. W. C. Nelson and Mr. and Mrs. H. B. Snodgrass of Los Angeles enjoyed the comforts of the Craggs Apartments during New Year's. The entire party expressed themselves as highly delighted with the superb view and enchanting environments of the Sunset Cliffs section of the Beach, and positively signified their intention of returning to The Craggs for a long stay during the forthcoming summer.

### A REAL JUVENILE READER

Miss Margaret Rankin, our very efficient and popular librarian, is justly proud of the fact that her youngest patron of the library is little Miss "Turner" Cline "Junior," who began selecting her books at the early age of two years. We are also proud to record that Miss "Junior" Cline is a constant reader of The Beach News.

## Seen, Heard and Said

Frank Russell, who was formerly connected with the Brunswick Drug Company in San Diego, has become associated with the A. G. Kingsbury Realty Company at Del Monte avenue and Bacon street. Mr. Russell resides in a choice suite of apartments at the Craggs, where he has made his home for some time.

There's a Ford gasoline gauge being handed around the various local garages and service stations that proves a very good advertisement as well as a useful article. It has graded markings up to nine gallons in three columns designating round, oval and square tanks.

Sea gulls were seen flying low over the residential sections of the Beach early in the week—a sure sign of a big storm at sea, and coming this way, say the old wiseacres.

Leon Murrell Hewitt contributed a mighty snappy story to The Bill-board in the issue of December 30, under the title of "Kid Reed's Platform Show," and it should prove very interesting reading to the concessionaires and show folks round the Beaches.

All records for building permits in the history of San Diego have C. T. Morris, whom everybody round the Beaches knows as "Dad", has caught the general improvement fever now raging at the Beach, and is making arrangements for alterations and additions to the "Blue Front" on Newport avenue. Besides installing a new soda fountain, he says he's going to open an ice cream parlor for the spring and summer season.

Now is the time to join the O. B. Pressing Club, conducted by "Cliff" Owen at his pressing, cleaning and dyeing establishment, 5050 Newport avenue. Easy number to remember—fifty-fifty, and so is his new telephone number, Point Loma 70-W.

### "BILL" GETS HIS BILL

Will Benbough has received his little "billet" from the assessment folks on the paving proposition, and here's the way it reads: "One lot, block 72—\$885.77." "No, that's not for the whole beach front," says the redoubtable Booster Benbough, "that's just for one lot!"

### TOM AND JERRY

Stop, wait a minute! Stand in line—don't rush! Ye Bacchanalian-istically inclined bon vivants!

The "Tom and Jerry" of this reportorial skit is NOT the erstwhile Yuletide beverage so fully and frequently imbibed in Bohemianistic days of yore. No, sirree! Not by a big steaming, imbibitionary bowl-full!

Tom and Jerry form the familiar first names of a couple of exceptionally courteous and very well liked car conductors on the O. B. division of the Spreckels' system of electric transportation. Their voting names are Tom Arthur and Jerry Conklin, and just now they are running neck and neck in a friendly race toward furnishing O. B. street car patrons with the new style weekly passes at the popular price of \$1.25 per.

### JUBILATION MEETING

The members of the First Baptist church held a jubilation meeting recently to celebrate the raising of the last of the funds requisite for the financing of the new church, which will be dedicated soon.

## READY FOR A FIGHT OR A FROLIC

**THE CHAMPION OF VOLTAIRE STREET RETURNS FROM A VACATION UP THE COAST IN PRIME CONDITION TO RESUME WORK.**

S. Carder Smith, the well-known "go-getter" of Voltaire street, has just returned from a very enjoyable fortnight's vacation at Santa Ana, and he's "all primed for bear" if the municipal "powers that be" happen to break from cover during the late winter or early spring.

While at Santa Ana, by the way, Mr. Smith clipped an article from the Santa Ana Blade, reflecting somewhat upon the care given patients at the Camp Kearny hospital. He sent the clipping to Congressman Phil D. Swing, and the following reply has been received, written from Washington, D. C., on the regulation congressional letterhead and bearing date of December 29, 1922:

Mr. S. Carder Smith, Ocean Beach, Calif.

My Dear Mr. Smith: This is to acknowledge receipt of your letter, with the newspaper clipping soliciting clothing for the tubercular patients in the Camp Kearny hospital, stating that "some of the men have not sufficient clothing to attend the Christmas celebration planned for them," etc. I doubt very much that the statements in this article are true, especially as I am in frequent communication with the boys at the hospital, and have helped many of them with their compensation and insurance matters, and they do not hesitate to bring any complaints to me, as they know I am always ready and willing to help them, yet none of them has ever made a complaint on this score.

Yours very truly,  
PHIL D. SWING.

### FREE POSTAL DELIVERY

In his report to the Chamber of Commerce at its regular meeting last Tuesday night, W. H. Culmer, who is preparing a map with the necessary descriptive text for the purpose of possibly securing free postal delivery at the Beach, stated that good progress is being made toward that end. Mr. Culmer is making a very thorough survey of the section to be covered and his excellent work is commended by all.

### DRS. CHAPPELL AND TIPPLE MOVE

With the incoming of the New Year, Dr. Earl Chappell and Dr. W. M. Tipple have moved their chiropractic offices from the Spreckels building to new and more commodious quarters in the Owl building, corner of Broadway and Fourth street. They have a well-appointed suite of three rooms, entrance being through room 221, and their phone call is 663-21.

### SKINS YOU LIKE TO TOUCH

Charles E. Rice, the "pioneer mayor" of Nome, Alaska, who is sojourning here with his wife at their Beach home on upper Bacon street, has been showing his friends some Alaskan seal skins of exceptionally fine quality, one of them being remarkably large in size, beautifully marked and of a very silky hair texture.

## Pertinent and Personal

The public schoolhouse is badly in need of a new and larger flag.

Work on the Torrey Pines lodge is practically completed, as most of the labor remaining to be done is on the grounds about the lodge, which will be opened shortly.

There'll soon be a branch bank at Ocean Beach if everybody will only keep boosting for it.

been broken by the figures for 1922, registering the grand total of \$10,280,990, the Beaches contributing their share, of course.

Dr. William I. Kinsley, a practicing physician and surgeon of San Diego, has come out with an announcement of his candidacy for mayor at the forthcoming primaries in the spring.

The regular monthly social meeting of the Chamber of Commerce will be held next Monday night at the Ocean Theater.

Walter Smith, the bright little son of Mr. and Mrs. J. T. Smith of Santa Monica avenue, is ill with an attack of scarlet fever and has been removed to the isolation hospital.

"Bob" Walsh is making rapid progress on his new "skyscraper" building on Newport avenue. The windows are now all in and some "swallow nests" have been added for a cornice effect, greatly improving the exterior appearance. Just who and what will occupy the new building, which is being finely floored and ceiled, remains an open question.

Chris Enholm, the popular transfer man of West Broadway, "over in the city," announces that he has a new Ocean Beach phone number, the same being Point Loma 50, while response to calls will be as prompt and satisfactory as ever.

Mrs. Luella Blum, who so ably conducts the Elite Costume Shoppe at 728 Broadway, San Diego, says that she was very highly pleased with her ad, strung down the back page of The Beach News last week, and will soon patronize our business columns with a permanent card.

### VIOLET AND GOLD

Tuesday's Scout meeting this week opened with the salute to the flag. The scouts present were Raymond Omara, Walter Varney, Ronald Tibbits, Arnold Losy, Hugh Greer, Clifford Harrison, Robert Williams, Harold Simpson, Robert Burdette, Samuel Lipsett, Edwin Plummer and Scoutmaster Mr. Doan.

Harold Simpson and Robert Burdette have passed all tests o. k. so are Scouts now. Claes Wyckoff was voted in troop. Clifford Harrison appointed Samuel Lipsett to help him with the treasury.

Arnold Losy is to lead the next meeting, which will take place next Monday night at 7:30. Visitors are welcome.

### OCEAN THEATRE

There is no gainsaying the fact that Manager Ericsson has struck the popular fancy by booking top-notch attractions at the Ocean Theatre on Wednesday, Thursday and Saturday nights, with Sunday thrown in for special good measure. The pictures for next week will be first-class in every respect, with all star casts, and a good, rollicking comedy for a curtain raiser, the doors opening early for the especial convenience of patrons.

Put "Ocean Beach" plates on your car.

## EXTRAORDINARY IMPROVEMENTS

**MANY LEADING MERCHANTS AT THE BEACH BEGIN TO SEE THE HAPPY HAND-WRITING OF PLENTIFUL PROSPERITY.**

The song of the hammer and the swish of the paint brush echo throughout the business section of the Beach these glorious days. All of the leading merchants are as busy as the proverbial bees in making alterations and improvements in their premises, and enlarging and remodeling their business places on the main streets.

For instance, G. H. Faber, the leading wide-awake grocer who maintains three stores in convenient locations, aptly says in his business announcement, "It is not far to a FABER store," and further states that each of the trio has telephone connection and carries a complete stock of assorted groceries, fresh vegetables and the best of bakery products.

At his O. B. grocery, Mr. Faber has a force of skilled workmen making some wonderful improvements to the interior. New flooring is being laid throughout and unsightly partitions have been removed, nearly doubling the capacity of the store, and a large addition has been made in the rear for storage room as well as tank and refrigerator supplies.

In the fresh meat department, Mr. Faber has gone to great expense to provide his patrons with every modern convenience in the way of new, sanitary glass covered refrigerator counters and ice vaults for the display and proper handling of large quantities of meat, fish, dressed poultry and like products. The popular expert butcher, who has long been in charge of the meat department, will continue to give intelligent and courteous service to customers, while all phone orders will receive prompt attention.

### PLUMBER PELTCHER MAKES SOME SPLENDID IMPROVEMENTS

Charles H. Peltcher, who is rightly termed a most progressive plumber, is at the head of the procession in his line toward favoring the public with a thoroughly up-to-date show-room. In his new and commodious quarters, on Niagara avenue, at Cliff street, he has arranged a magnificent display of plumbing supplies.

Mr. Peltcher has two large connecting stores, one being devoted to a fully equipped workshop and the other being used solely for an office and show room, while he and his family reside in a very comfortable house in the rear, special entrance being had from Cliff street, overlooking the ocean.

Situated on an advantageous corner, the new Peltcher plumbing emporium is without a peer in the way of its particular window display, the whole of Southern California and the entire establishment is far ahead of the majority of its city competitors, being well worth a prolonged visit at any time by those directly interested as well as the public in general.

### SEWING AND MILLINERY CLASSES

Anyone wishing to enroll in the Smith-Hughes Sewing and Millinery classes can now do so at 1963 Abbott street, in the Library building block. Sewing Class meets Tuesdays from 1 to 5 p. m. and the Millinery Class on Thursdays from 1 to 5 p. m. These classes are free to all wishing to join.

The days are all such heavy days  
When I am far from home—  
I wonder how the birds can sing,  
Or search the blue with joyous wing  
Or love his liberty  
When I, when I am far from thee.

Oh, love, if I could take the hours  
That once I spent with thee,  
And coin them all in minted gold,  
What should I purchase that would  
hold

Their worth in joy, in joy to me?  
Ah, love, ah, love, another hour  
with thee!

A double birthday party was recently enjoyed at the home of Mr. and Mrs. J. C. Castien of 4705 Pescadero avenue, in honor of their young daughters, Isabelle and Frances. After playing various games, delicious refreshments were served each child being presented with a sweet little gift as a favor. Among the little guests present were: Jane and William Sommers, Patricia Webb, Jarret Slaughter, Winona Bishop, Georgia Sharp, Dorothy and Eliabeth Armstrong, Betty Crable, Agnes, John, Caroline and Luella Castien and the honorees, Isabelle and Frances Castien.

Mrs. Laura Poland spent the holidays with her family at her home on Narragansett avenue. Mrs. Poland is teaching at the Valley Center school.

Dr. Belle Pope from San Diego visited last Tuesday with Mrs. Turner B. Kline of 5053 Long Branch avenue. Also C. C. Wile of Los Angeles, brother of Mrs. Kline, who came last Sunday.

Mrs. Edna B. Plummer and her two sons, Edwin and Richard, of 1917 Bacon street are moving to Bakersfield, Calif., to join the husband and father. They will make their permanent home there. We are very sorry to lose them, and sincerely hope they will soon return to be among their many friends here.

T. J. Haffey and family, who are living at the present time in one of the Haas cottages on 4730 Muir avenue, are building their new home next door to their present location. Mr. Haffey will start in his new duties at the assessor's office January 1.

Mr. and Mrs. A. J. Clement and two sons, Howard and Ralph, motored down from Wenatchee, Wash., to visit Mr. and Mrs. Pete Grandmaitre of 4901 Voltaire street. Mr. Clement and Mrs. Grandmaitre enjoyed childhood days together in Kansas.

Charles Ungerford and Miss Florence Brough motored down from the Angel City to spend New Year's with relatives and also visited with Mrs. O. E. Johnson of 4775 Cape May avenue. Come over to see us again, dear folks; always so glad to see old friends.

The engagement has been announced of Kathleen Humphrey, daughter of Mr. and Mrs. Robert Humphrey of East San Diego, formerly of Ocean Beach, and Frank L. Coppens of the U. S. naval air station, son of Mr. and Mrs. Louis Capps of Great Falls, Mont. The wedding will take place at a later date.

Mr. and Mrs. J. C. Storm of Saratoga avenue recently entertained Mrs. Emma Storm of Shelbyville, Ill., Mrs. Richard Calif, Mrs. Ella Warbington and A. J. Hart, all of Los Angeles, Calif.

"Clean up and paint up" is the motto of E. E. Wells, and the results you may see if you will sit up and take notice when Mrs. Greer drives by in her "little old Ford," says a contributory news note.

Mrs. E. F. Smith of 4745 Newport avenue returned from Snyder, Colo., recently, and was happily surprised at a party of friends, also of

Snyder, Colo., who came to visit her. They were Ed, Albert and Arthur Wehrer and D. C. Peterson, and they are stopping for the present at the home of Mr. and Mrs. B. C. Huston and expect to remain here permanently.

Mrs. Ed Bedford and her daughter, Florence, familiarly known to her friends as "Jim," have returned to their home at 4831 Lotus street from a fortnight's sojourn in Los Angeles, where they enjoyed the Yuletide festivities at the home of Mrs. Bedford's mother. Mr. Bedford is connected with the Ocean Beach Park Service Station, corner Voltaire and Cable streets.

**LEVENTH HOUR YULETIDE MESSAGES**

From the Harrisons, 1968 De Foe street, comes the following to **The Beach News**, in the nature of very welcome and cheerful encouragement:

"Kind of funny, ain't it now,  
What a thought will do;  
I chased right out and got this card  
Because I thought of you!"

Kind of 'leventh hour,  
But it's better'n not at all,  
Here's hopin' you'll be in, old chap,  
When Fortune makes her call."

P. S.—"Not leaving you out, Kate, dear!"

**DAME FORTUNE ON THE JOB**

Here's how Mrs. S. E. Jordan of the Chatham Apartments on upper Bacon street greeted us with a mighty appropriate picture card:

"To My Jolly Friends:  
"Not only is Dame Fortune smiling on you, but I see her just pouring all good things into your lap."

**FROM A HIGHLY ESTEEMED FRIEND**

Will T. Scott sends the following kind words from Los Angeles, where he is sojourning for the winter:  
"Hello, dear folks. I'm awful glad to get **The Beach News**, and am sure it will succeed, because the editors are wide-awake and real live wires. I'll run down to San Diego soon and give you my subscription."

**SUCCESS AND SEASON'S GREETINGS**

Mr. and Mrs. Chris Neujahr and their children send the following cheerful message from the Angel City, where they are now residing:  
"Extending the season's greetings and all good wishes for Christmas and the coming year, and success with your paper."

**WEALTH OF WELL WISHES**

Mr. and Mrs. Elmer Moss of Inglewood, Calif., pictorially postcards in this wise, following the customary season's greetings:

"We sincerely wish you the best of success in your new enterprise."

**Our First Subscriber Sends Most Cheerful New Year Greetings**

Mrs. Joan E. Hanford of 4955 Del Monte avenue, who holds the most commendable position of being the first subscriber on the long subscription list of **The Beach News**, sends us a New Year's card inscribed thusly over her signature:

"Wishing you all the success you are most deserving of, and a BIG SHEET the coming year."

**SUCCESS AND HAPPINESS**

From Oswego, N. Y., Mr. and Mrs. Thomas W. Smith sent season's greetings with this pleasant postscript:

"Glad to see you are still in the game, and sincerely wish you both every success and happiness. The paper is fine and dandy."

MR. AND MRS. L. H. MARTIN of the O. B. Vegetable Gardens and Poultry Yards wish all their friends **YEAR** and sincerely thank them for their past valued patronage and hope for a continuance of the same.

**"ME AN' 'LIZA JANE"**

(Republished by Request)

It's fifty year an' more ago since  
me an' 'Liza Jane,  
A-walkin' home from meetin',  
through a sweet an' shady  
lane,

Agreed it was the best fer us to  
join our hands fer life;  
An' hain't I allers blessed the day  
she said she'd be my wife!  
We've had our little fallin's out, the  
same as all the rest,  
But all the while I've known 'at  
she's the kindest an' the best,  
The truest an' fergiven'est, fer I  
begin to see

She's had to be an angel fer to git  
along with me.

Fer since 'I'm gittin' on in years I  
sort o' set around

An' kind o' specellate about the  
things 'at's more profound;  
An' as my mind goes strayin' back,  
along the path o' life,

I jest begin to see how much I owe  
that good old wife.

You wouldn't think her handsome,  
'cause your eyes 'll never see  
The many lovin' deeds she's done to  
make her dear to me.

My God! the things 'at she's 'done  
through her love o' me an'  
mine

Is 'nuff to make a feller think her  
beauty most divine!

I s'pose I done the best I could to  
make her burdens light,  
Yit, lookin' back, I seem to see so  
much 'at wasn't right—

So much 'at brought her sorrow—  
yit through all the changin' years  
I've seen her keep her faith in me,  
a-smilin' through her tears.

An' now we're old, together, but to  
me she's young and fair

As when the rose was in her cheek,  
the sunshine in her hair;

An' while I hold her hand in mine  
an' journey down the hill,  
I'll make life's sunset good an'  
sweet—

God helpin' me, I will!

**Household Hints**

The ladies of the Beach District are respectfully requested to send in for publication in **The Beach News** their favorite recipes for preparation of good things to eat as well as household hints and decorative art notes in general. The names and addresses of all contributors are especially desired, so that proper credit can be given, unless otherwise expressly stipulated by our patrons. Please write on one side of the paper only, and address to "Our Katherine," at **The Beach News** office, 4829 Saratoga avenue, Ocean Beach.

**THIS WEEK'S RECIPES**

For something of a starter, "Our Katherine" has herself submitted the following to ye editor, who hereby vouches from an actual edible experience that they are both decidedly delectable dishes:

**Creamed Eggs**—Into a pint of boiling milk put one-half teaspoon salt, tablespoon butter, a dash of pepper, then carefully drop in as many eggs as persons to be served and let cook about three minutes. Lift out eggs, thicken milk slightly and pour around eggs. Serve with buttered whole wheat toast. This is an agreeable change from the ever-present cereal, yet contains even more food value.

**Tuna Fish Salad**—Mince one small can of tuna fish, add one-half cup each of celery and cucumbers and thoroughly moisten with good salad dressing. A little lemon juice is a good addition. Scoop the seeds from chilled tomatoes, fill with the fish and serve on lettuce.

**READ THIS TWICE**

PAY me, so I can.

That's the sign a prominent and progressive merchant has hung in a very conspicuous position in his place of business—and it's mighty effective, too.

**WARNING**

Since the completion of the newly-paved boulevard, Officer Reama has instructed the local auto drivers to obey all traffic laws just the same as they would in San Diego. Commencing next week, all violators of the traffic laws will be arrested, especially those parking on the wrong side of the street, lack of tail light muffler, cutouts and reckless driving. So all ye auto drivers, BEWARE!

## NEW ROAD TESTS

What promises to be the most important investigation of road material and construction yet undertaken will be instituted at Pittsburg, Calif., by the United States bureau of public roads. These tests will be based on results of previous investigations at Pittsburg and on the Bates road tests in Illinois, which are now nearing completion.

Several wholly new sections will be studied in the new Pittsburg test. These will include asphaltic concrete designs and also pre-cast slabs of concrete.

The direct comparison of hydraulic concrete and black base construction will no doubt bring out many interesting facts concerning these much-discussed types of hard-surfaced pavements.

A shock-absorbing road base has become more apparent every day as rigid base construction is crystallized and destroyed under impact of traffic.

Bakersfield is spending nearly half a million on street paving projects. Wonder how much Ocean Beach is going to spend for a like purpose?

## Community Forum

## Editor The Beach News:

The time will come when the city fathers will be renewed and some changes would be beneficial.

First, is to revert to the old ward system, so that outlying districts like La Jolla, Ocean Beach, Pacific Beach, etc., can be represented. We also need a change in the law by which only those who pay a certain amount of taxes may vote on bond issues. At present, whenever bonds are to be voted, every pauper in the county is hunted up and rushed to the polls to say how much the property owners shall pay in taxes.

How long are you going to stand this?

Second, call every candidate for office to the mat, and demand his pledge on all questions coming before him, before election, and then hold him to it. It is all in the hands of the voters.

## ELECTRIC "DON'TS"

Don't leave the electric flatiron connected to the circuit and go to use the telephone, visit with the neighbors, or to call at the grocery. It costs \$100 for the fire department to make a "run," even for a smoking ironing board.

Don't use paper shades or other inflammable materials or decoration about electric lamps.

Don't use lamp cord wiring in your home. It is unsightly and unsafe.

Don't permit "the handy man" nor the incompetent workman to do your wiring.

Don't forget that good, competent workmanship and first-class materials used in the installation of electric wiring make the best job.

Electricity is your greatest and cheapest servant. Give it a chance to do its best work.

## EMPLOYMENT MEANS PROSPERITY

Lumber production, it is reported, has been maintained at record figures for some months. As a result, unemployment has been avoided in northwest states.

It is well to remember that prosperity comes as a result of operating industries and steady employment of labor.

The radical politician or general agitator who would cripple industry strikes at every family.

## GAS PRICES, THEN AND NOW

Think of gas at \$6, \$7, \$8 and \$9 a thousand cubic feet! That's what the housewives in many American cities had to pay a little over fifty years ago.

Here are the "cheap" rates charged in those days: Memphis, \$5.50; St. Louis, \$4.50; Mobile, \$5.90; Nashville, \$6; New Orleans, \$4; Charleston, \$7; Montgomery, \$8; Macon, \$8; Galveston, \$8; San Francisco, \$6; Sacramento, \$9.

Very few industries can show as steady a decline in the price of the article they sell as can the gas industry, taken all in all.

## THE YALL READ IT

It's an actual fact that every member of the family reads *The Beach News*, and in several authentic cases there's quite a squabble to see who'll be the first one to peruse its columns, teeming with live news items. As an evidence of the popularity of the paper, we are permitted to state that in more than one instance, both the husband and wife of the household have subscribed, so that each may digest the news at first hand without interference with the other.

"It's worth 50 cents a year to me for the extra copy," smilingly said one particularly pleased patron, "in order that we may keep peace in the family every Friday."

Another subscriber is known to lock herself in her boudoir with her weekly copy of *The Beach News* and is "out" to friends and foe alike until she has read its contents from Alpha to Omega.

Then again, another happy subscriber of the gentler sex hides away her copy on the kitchen shelf where "hubby" can't find it until she can obtain occasion to read it through herself.

To put the boot on the other foot, in still another case, the head of the house—meaning the man—tho' not a "mean" man by any means, read most of *The Beach News* through while slowly wending his lengthy homeward way, thus keeping "wifey" anxiously waiting for the paper all the while at the residential gate—and then the fun began!

Citing yet another case among many, a popular pair of married folks missed getting to the postoffice until after hours, but rather than be without their favorite home paper, they hastened to *The Beach News* office and secured a couple of copies "over the counter."

And so on, almost ad infinitum.

## OUR NATIONAL HYMN

On top of federal income taxes and all other taxes, tax boosters are proposing state income taxes, more gasoline taxes, etc.

The average citizen, while absorbed in the joyful occupation of making out tax checks, including one to Uncle Sam, catches the strains of "My Country 'Tis of Thee." With apologies to our national song, the Boston News Bureau offers the following new version:

"My country 'tis to thee, sweet land that taxes me;  
To thee I bring my existence tax  
o'er which I've sighed and nearly died.  
'Tis paid! From every mountain  
side let freedom ring."

## WHO WILL GET THE MONEY?

Millions and hundreds of millions will be turned over by the government to the holders of government securities during the coming year.

What will become of this money? The sharpest brains in the country are studying ways and means to get hold of it.

Will the savings of a lifetime of many individuals be dissipated in speculative undertakings about which the prospective investor knows nothing?

If you were sick or had matters which needed legal attention you would go to a doctor or a lawyer as a matter of safety. By the same token, when you have financial matters to consider, it is essential that you consult your banker or bond dealer before letting go of your hard earned money in an investment of unknown quality.

## DEPARTED

The death is announced at Pacific Beach on December 30, 1922, of Della Ann Crogan, loved daughter of Mrs. Harriet Miller, sister of Abajah A. Crogan and C. S. Clark of Pacific Beach. The deceased was a native of Nebraska, aged 35 years 10 months and 24 days, and her funeral took place last Wednesday, interment being in the Odd Fellows' cemetery.

## FROZEN HAM AND TURKEY

With the weather here so delightfully summery during the Yuletide season, there's one Beach family that can boast of having frozen ham and turkey at Christmas time.

Mrs. Elliot F. Smith of 4535 Newport avenue visited relatives in Snyder, Colo., last month.

Just before leaving Snyder on a four-day return trip, a big turkey was killed and dressed as a present for her to take home. Mr. Gobbler was hung outside over night and frozen hard.

Mrs. Smith packed the chilled turkey in her trunk and, upon arrival here, had to put it in the oven to thaw it out before adding the final trimmings. Everybody directly interested says the bird made a most delicious meal just ten days after killing.

Along with the turkey, Mrs. Smith brought a ten-pound hunk of ham, which was also frozen before she started on her long journey. The original ham weighed over forty pounds and the hog from which it came tipped the scales at the 650 mark.
